

## SATURDAY, MAY 31, 2025 – 5 AM WEATHER FORECAST

Finally, we enter into a kingdom of benign weather. Miraculously, only 0.02" of rain fell the entirety of Thursday and Friday. With a truly perfect forecast, this discussion is best left short. Enjoy sustained northeast breezes today up to 12 mph, and a high in the upper 60s! Dry, crisp air sticks around for the rest of the weekend, with warmer conditions on Sunday. It is a great weekend to be outside.

| TIME               | SAT 6 AM                                                                           | SAT 7 AM                                                                           | SAT 8 AM                                                                           | SAT 9 AM                                                                           | SAT 10 AM                                                                          | SAT 11 AM                                                                           | SAT 12 PM                                                                            | SAT 1 PM                                                                             | SAT 2 PM                                                                             | SAT 3 PM                                                                             | SAT 4 PM                                                                             | SAT 5 PM                                                                             | SAT 6 PM                                                                             |
