Anna Huang

Q. Did you sense a 68 when you woke up this morning or during your range session?

ANNA HUANG: Not really. Last night, I just had a short range session to work on my game and I pulled [a muscle] in my lower back. This morning, it was hurting a lot. I was just thinking I was going to try to hit the greens and keep it together. Everything was hurting, even when I was walking. I was really surprised [at my score].

Q. What was working for you today?

ANNA HUANG: I was surprised that my drive was straight. And my putting today was definitely on point. I made a lot of long putts and had a lot of good saves.

Q. Did you make any particularly long putts?

ANNA HUANG: I had like a 40-foot par putt that I made on 14.

Q. Only round in the 60s so far, is the course playing more difficult?

ANNA HUANG: Honestly, I just had a really good round today. It was playing really tough, but I managed to make some long putts and kept it together.
