

**Briana Chacon – Round 2 Stroke Play - 2023 U.S. Women's Amateur**

**You have a few influences here such as Krissy Carman and Greg Puga. How did they help get you prepped and in a good mindset for the Women's Amateur?**

Greg Puga is my caddy for the week. He's a local caddie and he knows the course really, really well. We've been good friends with him and he's just been helping me so much this past week. I probably couldn't do without him. Krissy who's our new assistant coach is also out here. It's really cool to see another Duck out here with us this week.

**Can I just get your reaction to breaking the stroke play scoring record of a championship that's been around since 1895?**

Really? I did not know that. Oh my god, wow. I'm really surprised. Wow yeah. It's an honor and I'm just so thankful to be here this week with all my family and my friends. I'm lucky that it's so close to my hometown Whittier so I'm just really excited.

**As one of the top seeds, obviously playing very well, does your mentality change at all going from stroke play to match play?**

No, I kind of have the same mentality whenever I play match play. I just play my own game and just try to do the best I can and try to make as little mistakes as possible. I'll just keep trying to do the same thing into match play.
