## Kiara Romero

### **Q. How was the course today compared to Monday?**

KIARA ROMERO: The course was about the same. I didn't feel any difference with my game. I kept making a lot of bogeys out there. I had five birdies today and shot even, so that was a little frustrating. But it's okay.

### **Q. Would you say that that's a good sign for match play, knowing you can make birdies here?**

KIARA ROMERO: I definitely know I can make birdies and win holes and make putts so that's good.

### **Q. Anything about the round today that stood out, any good birdie putts or par saves?**

KIARA ROMERO: Four of [my birdies] were on the [first] nine. Most of them were like decent length, 10-foot putts.

### **Q. Do you know how good a college hockey player your caddie, Chuck Delich, was?**

KIARA ROMERO: I know he was a hockey player. I didn't know he was that good...He taught me a lot about the greens out here and how the mountains play a big role in breaking putts and stuff.

### **Q. What are your thoughts about going into match play?**

KIARA ROMERO: With match play, you just have to focus on the shot that is right in front of you. Nothing else really matters. Only that hole you are currently playing.
