**THE WALKER CUP**  
ST ANDREWS 2023

**Q. Mike, there was a bit of a hill to climb on this Sunday morning. How thrilled are you with what your team was able to do and get things a little bit closer heading into this afternoon?**

MIKE McCOY: Yeah, very happy with the morning. We knew we needed a big morning, and I guess we got that morning we needed.

**Q. What was the mood of the team last night, this morning, and your expectation for them to continue this this afternoon?**

MIKE McCOY: It was good. I challenged them, and they were pretty quiet, a little some better. We went to bed a little early knowing that they had a big job to do today. That's what happened.

We'll come out after lunch and be ready to go.

**Q. With this course changing a little bit, with the crowds, with the wind, how does that set up for a continued charge by the Americans?**

MIKE McCOY: You know, both these teams have shown a lot of heart, and I think it's going to be tougher this afternoon with this wind, and I'm just going to tell these guys and remind them of the skills needed on this golf course. They just need to go out there (indiscernible).
