

### MONDAY, OCTOBER 2nd, 2023 – 6 AM WEATHER FORECAST

We welcome Match Play with better air quality and some clouds mixing in with our sunshine for the first half of the day. Temperatures will again be much cooler and slow to warm into the mid 70s by lunchtime. The high temperature will surprisingly be a degree or two cooler than yesterday and struggle to surpass 80 degrees. Winds will finally show some mercy and return back to their typical afternoon speeds here at Troon Country Club. Moisture values near the surface will progressively decrease over the course of the day with primarily sunny skies leading to a clearing overnight. Midweek looks phenomenal with high pressure sliding into much of the region, not only bringing clear and dry weather, but also a warming trend with temperatures back near 90 degrees.
