

Liberty Corner, N.J. (May 31, 2019) – In preparation for the 119th U.S. Open Championship, the United States Golf Association (USGA) and Pebble Beach Company unveiled a comprehensive transportation plan to ensure the safe and efficient movement of traffic and pedestrians during the championship, scheduled for June 10-16.

More than 16,000 satellite parking spaces have been secured to provide a positive travel experience for the hundreds of thousands of fans who will travel to and from Pebble Beach for the U.S. Open. Local traffic representatives from the California Highway Patrol, Monterey County Sheriff's Office, and California Department of Transportation (Caltrans) have been involved in the 18-month-long planning process with the USGA and Pebble Beach Company.

All fans traveling by car during U.S. Open week should follow event trailblazing signage to California State University Monterey Bay (CSUMB) in Marina, Calif., where complimentary parking and shuttle transportation will be provided to and from Pebble Beach. Shuttles will run continuously beginning at 5:30 a.m. PDT each day and continue for one hour following the conclusion of play. One-way shuttle times are expected to take approximately 30-35 minutes, depending upon traffic.

There is no general parking for fans available in the immediate vicinity of Pebble Beach Golf Links without a lettered parking pass; parking is by permit only. Parking restrictions surrounding the championship grounds and within the Del Monte Forest will be closely monitored and enforced. 17-Mile Drive will be closed to tourist traffic June 9 through June 16, 2019.

Handicapped-accessible parking spaces will be available at all championship parking areas, including CSUMB, for vehicles displaying appropriate HP/DP license plates or placards. Individuals requiring lift-equipped transportation are encouraged to contact the USGA Admissions Office at 800-698-0661 for more information.

The cities of Carmel, Monterey and Pacific Grove are offering express shuttle bus services to the U.S. Open for residents and community guests. For more information on fees, daily schedules, frequency, and locations of service, please visit the Carmel Chamber of Commerce (carmelchamber.org), Cannery Row Company (canneryrow.com) and Pacific Grove Chamber of Commerce (pacificgrove.com) websites.

Fans and local residents wishing to utilize ride-share options to the championship should utilize the designated Passenger Drop-Off area along Forest Lake Road, located near Gate 1 (the main admission gate) within the Del Monte Forest. There is no parking or staging for vehicles, so pickup times will need to be coordinated accordingly. Vehicles proceeding to the Passenger Drop-Off are instructed to enter the Del Monte Forest through the Pacific Grove Gate or Morse Gate located on CA-68. Please

follow directional signs and attendants to the appropriate pickup and drop-off location. Due to traffic restrictions, access is limited to vehicles no larger than a 12-passenger van or limousine. Passenger Drop-Off vehicles are not permitted to pick-up or drop-off at any other location around the championship grounds.

For the week of Monday, June 10 through Sunday, June 16, local residents and through traffic are encouraged to adjust travel around peak U.S. Open arrival and departure times (7-11 a.m. and 3:30-7:30 p.m.) if possible. Local residents and area commuters from the Salinas Valley are encouraged to follow alternate routing and trailblazing signage to General Jim Moore Boulevard, avoiding CSUMB and CA-1. Due to U.S. Open traffic, delays can be expected along the primary routes of CA-1 from Exit 399A (Pebble Beach) to Exit 414 (Nashua/Molera Road). Monterey and Pacific Grove commuters should avoid the use of Exit 399A and CA-68 during peak times.

About the USGA

The USGA celebrates, serves and advances the game of golf. Founded in 1894, we conduct many of golf's premier professional and amateur championships, including the U.S. Open and U.S. Women's Open. With The R&A, we govern the sport via a global set of playing, equipment and amateur status rules. Our operating jurisdiction for these governance functions is the United States, its territories and Mexico. The USGA Handicap System is utilized in more than 40 countries and our Course Rating System covers 95 percent of the world's golf courses, enabling all golfers to play on an equitable basis. The USGA campus in Liberty Corner, New Jersey, is home to the Association's Research and Test Center, where science and innovation are fueling a healthy and sustainable game for the future. The campus is also home to the USGA Golf Museum, where we honor the game by curating the world's most comprehensive archive of golf artifacts.
